

TIMELINE: PAINTING PEACE PROJECT 2025

Action 01 - Painting up to July 15th. - Sending the Patches up to July 30th.

. Each child and adolescent paints a piece of material expressing their experience: sensations, visualization, ideas, and wishes of peace —instructions in the Protocol.

. Schools, institutions, Projects, and Communities leading the local painting activities send the patches to their World City Focalizing Organization up to **July 30th** to compose the Country/Continental Flag.

Goal > diversity: participation of children and adolescents from many ethnic and cultural traditions, immigrants, refugees, in war situations, hospitals, youth institutions, and with special needs.

Action 02 - Assembling the Flag by August 15th. - Sending to NY up to September 7th.

. The World City Focalizing Organization will gather all the painted pieces from its local and continental networks and its partner's networks in one Peace Flag. Send it through the diplomatic mailing, if possible.

. Suggestion 01: Walk the Flag > Display the Peace Flag in a Public Park Walk before sending it to NYC

. Send it to New York up to **September 7th, 2025**.

Goal: Celebrations: celebrate the gifts of life, honor our roots and traditions, and share beyond words the joy of cocreating with fellows from all over the planet.

Action 03: Edit Recordings of the Painting Process plus Comments > Send by **August 30th**.

Each organization, project, or community group will offer an edited video of the children's painting and comments authorizing their integral or partial publication on the Focalizing Organization and the World Children Festival website or web channels. The Making Of registration and editing instructions can be found in the Protocol.

. Suggestion 02: Organize a Video Exhibit through a digital platform to allow participants from other cities and countries to see the results of their cocreation. The exhibit could be publicized on the Focalizing Organization website, social media, and Peaceglobalnet's YouTube channels.

Goal: Widespread the impact of the collaborative creation to a larger number of people. Make the richness of children's/teens' experiences of Painting Peace available in a public format.

-
1. World City refers to the ones whose importance goes beyond the municipality and country's contours. Most of them play functions that are crucial for their regions and to the World as a whole.
 2. World City Focalizing Organizations are the organizations based or operating extensively in the area of influence of these cities that will preside over the Painting Peace Project in the region and through their networks and partnerships worldwide.
 3. The address in New York to receive the World Cities' Flags will be announced **before May 30th**.
